Text types

Autobiography

Speeches

Visual stimuli unit (Literacy Shed)

Skellig – book

History/Geography

World changes over time – I can understand how some of the topographical features and land-use patterns have changed over time.

How the world has changed over time that has influenced the evolution of the human race?

Describe and understand key aspects of human geography including: types of settlement and land use, and the distribution of natural resources including energy, food, minerals and water

Summer 2

The Early Islamic Empire

Intent: To learn about another culture

RE:

Islam

Answering philosophical questions

Music

Listening and replicating Arabian inspired music.

Learning words/music off by heart

Art/DT

Mosaics

Calligraphic writing

PSHE

Islam – learning about a culture
Transitions and moving on
(Smart Moves)

RSE (email sent during Summer 1)

Trip: 7/7/21

Science

Evolution and Inheritance

I can recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago

I can recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents

I can identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.
